

DIAMONDS — OF DEAL —

Measure finger to find your ring size

Cut out the ring size tool below and the slot as indicated.
Place the tool around your ring finger and pull the end through the slot.
Pull the end so that it fits comfortably around your finger and read the letter pointing to the arrow.

Measure a ring you already own.

Print this document on A4 at 100% - ensuring you have **not** checked 'fit to page'
Place your ring over the circles until you find one that aligns with the inside edge of your ring.
